Wilhelm Roux's Archives of Developmental Biology

The Archiv für Entwicklungsmechanik was founded in 1894 by *Wilhelm Roux*. Vols. 1–43 (1918) Leipzig, Engelmann. From Vol. 44 called Wilhelm Roux's Archiv für Entwicklungsmechanik der Organismen, Organ für die gesamte kausale Morphologie, Berlin, Springer, Vols. 52/97, in a transition volume in 1923. From Vol. 98 to Vol. 104, combined with the Archiv für mikroskopische Anatomie founded in 1864 [till 1876 (Vol. 13) edited by *M. Schulze*, Vol. 13, No. 4 to Vol. 35 (1890) edited by *La Valette St. George, W. Waldeyer,* Vols. 36 to 43 (1894) edited by *O. Hertwig, La Valette St. George, W. Waldeyer,* from Vol. 44 as Archiv für mikrobiologische Anatomie und Entwicklungsgeschichte. Vols. 77–95 (1910–1922) in two sections Bonn, Cohen]. From Vol. 96 Berlin, Springer. Vols. 98–104 (1925) combined with Roux's Archiv and again published separately from 1925 as Zeitschrift für Zellforschung, Vol. 2 and following. Vols. 105–130 as Zeitschrift für wissenschaftliche Biologie, Abteilung D, edited by *Wilhelm Roux, H. Speman, W. Vogt, B. Romeis.* From Vol. 131 (1933) under the single title. From Vol. 143 (1947) Berlin, Springer, and Munich, Bergmann. From Vol. 181 (1977) Heidelberg, Springer.

Submission of a manuscript implies that the work described has not been published before (except in the form of an abstract or as part of a published lecture, review or thesis), that it is not under consideration for publication elsewhere, that its publication has been approved by all the authors and by the responsible authorities – tacitly or explicitly – in the laboratories where the work was carried out and that, if accepted, it will not be published elsewhere in the same form, in either the same or another language, without the consent of the copyright holders. By submitting a manuscript, the authors agree that the copyright for their article is transferred to the publisher if and when the article is accepted for publication. The copyright covers the exclusive rights to reproduce and distribute the article, including reprints, photographic reproductions, microform, electronic data-base, video disks, or any other reproductions of similar nature, and translations.

Photographic reproduction, microform, electronic data base, video disks, or any other reproduction of text, figures, or tables from this journal is prohibited without permission obtained from the publisher.

The use of general descriptive names, trade names, trade marks, etc., in this publication, even if the former are not specifically identified, is not to be interpreted as exempt from the relevant protective laws and regulations.

While the advice and information in this journal is believed to be true and accurate at the date of going to press, neither the authors nor the editors nor the publisher can accept any legal responsibility for any errors or omissions that may be made. The publisher makes no warranty, express or implied, with respect to the material contained herein.

Special regulations for the USA

The Article Fee Code on the first page of an article in this journal indicates the copyright owner's consent that in the USA copies may be made for personal or internal use, provided the stated fee for copying beyond that permitted by Section 107 or 108 of the United States Copyright Law is paid through the *Copyright Clearance Center, Inc., 21 Congress Street, Salem, MA 01970, USA.*

If a code does not appear copies of the article may be made without charge, provided permission is obtained from the publisher.

The copyright owner's consent does not extend to copying for general distribution, for promotion, for creating new works, or for resale. Specific written permission must be obtained from the publisher for such copying.

Other regulations

Authors publishing in this journal can, under certain conditions, benefit from library and photocopy fees collected by VG WORT. Authors of German nationality and those resident in the Federal Republic of Germany or Berlin (West), as well as citizens of Austria, Switzerland and member countries of the European Community, may apply to Verwertungsgesellschaft WORT, Abteilung Wissenschaft, Goethestrasse 49, D-8000 München 2, for detailed information.
